

Want to climb
to the top in
climate
research?

Then join us in MICMoR!

MICMoR is a graduate programme with an interdisciplinary research focus on the impact of climate change on atmosphere-biosphere-pedo-/hydrosphere processes in mountain regions.

For the MICMoR Contact Person at your university see: www.micmor.kit.edu/mentors-scientists

Apply for your MICMoR Fellowship on www.micmor.kit.edu

Next registration period: February 1 – March 15, 2016
